PREMIER UNIVERSITY – Chittagong, Bangladesh

Bachelor of Engineering, Computer Science; Cumulative CGPA: 3.13/4.0

October 2022

PROJECT EXPERIENCE

Gadgets BD - E-commerce Web Application

Next.js | React.js | MongoDB | Tailwind CSS

GitHub: <https://github.com/Nayan-Krishna-Ball/E-commerce-Gadgets-bd>

Live: <https://e-commerce-gadgets-bd.vercel.app>

- Built a full-stack e-commerce web application using Next.js and React
- Implemented client and shop owner dashboards with role-based functionality
- Developed dynamic product pages with reviews, ratings, and SEO-friendly URLs
- Integrated MongoDB for data storage and NextAuth for authentication
- Handled image uploads using ImageKit

Quick Chat App (Real-Time Chat Application)

React.js | Express.js | Socket.IO | Redux

GitHub (Client): <https://github.com/Nayan-Krishna-Ball/Chat-application-client>

GitHub (Server): <https://github.com/Nayan-Krishna-Ball/Chat-application-server>

- Developed a real-time chat application using React and Socket.IO
- Built backend APIs with Express.js for user authentication and messaging
- Managed global state using Redux Toolkit
- Created protected routes for authenticated users

React Cart System (TechHub)

React.js | Vite | Context API | Node.js | Express.js

GitHub: <https://github.com/Nayan-Krishna-Ball/TechHub-E-commerce->

- Designed and developed a cart management system using React
- Implemented add-to-cart and remove-from-cart functionality
- Added stock validation to prevent exceeding available quantity
- Managed global cart state using Context API and custom hooks

LANGUAGES

English (Professional Working Proficiency), Bengali (Native)
